

# VIP

## Vip: accessible but only for you.

Vip combines easy use with security. You do not need a hand-held programmer to manage it, but it is nevertheless more secure than other transmitters because it is equipped with rolling code coding.

**Choose Vip if you need a remote control that is difficult to duplicate and easy to use.**

- Made with resistant materials.
- Functions perfectly in any conditions.
- Supplied with 6V batteries.
- Features a good range.
